Recommendation Letter

To whom it may concern,

Bucharest, 27th of March 2020,

We had the opportunity to collaborate with Workspace Studio since 2018. During our on-going collaboration they have exceeded our expectations in terms of details, high quality service, products, budget and deadlines.

No matter of the challenges we have brought upon them, they have always risen above and won us over with their seamless way of overcoming them.

The ergonomics of the furniture improved the well-being of our co-workers whereas the custom solutions brought identity through-out our space.

Besides the final result, their high level of professionalism, flexibility and friendly approach determined us to recommend them to other businesses with no hesitation, especially to those seeking products and solutions adjusted to their individual needs and requirements.

Director General
Constantinescu Alin

Sef Serviciu Aprovizionare
Soare Adelin
