On behalf of MagnaPharm Marketing & Sales ROMANIA S.R.L, I write this letter to recommend Workspace Studio S.R.L for their professionalism and qualitative services and products.

MagnaPharm called Workspace Studio to work on our interior project when we moved to our new office in Expo Business Park.

During our colaboration Workspace Studio impressed us with their professionalism and know-how of the market which was a turning point in our decision to furnish our new office with them.

Workspace Studio provided for MagnaPharm furniture and design elements that created a home for our employees.

The ergonomics of the furniture improved well-being of our co-workers and the designed elements improved the aesthetics of our space while respecting our brand book guidelines.

To summarize, we want to thank Workspace Studio team that we've work for their professionalism and their work and we would like to wish Workspace Studio all the success that they deserve and to keep up with the good work.
