

Letter of Recommendation

*Bucharest, 14<sup>h</sup> of April 2020*

To Whom It May Concern:

We have engaged Workspace Studio to provide a turn-key fit-out project for a 450 sqm offices on Zentiva Administrative Building Offices, and we selected from few of the best.

We write this letter of recommendation with great pride since the result delivered by Workspace Studio was at the expected level but even more.. Workspace Studio provided full MEP and architecture works, the complete furnishing and signage works.

The attention to detail in delivery and handover was exceptional and the entire team went beyond to ensure we were satisfied with the delivery, completed on time and providing the high standard service that Zentiva expected and we are committed and regularly deliver.

We rate Workspace Studio as a reliable, professional, dedicated partner and we will certainly chose and recommend them for future turnkey projects.
