## LETTER OF RECOMMENDATION

Through this letter we want to express our appreciation for the collaboration we established with Workspace Studio for the furnishing and organizing of our new office, that would help our two teams to be located together in a practical yet welcoming space.

We were very pleased to see that even from the start they were entirely open to find the best solution for us and in the process they paid detailed attention to our particular needs and requirements in terms of quality of products, budget and deadlines.

The professionalism of their team and dedication for a timely answer to any request was very helpful, as well as their expertise that made the process of selecting the right products for our needs much easier.

Therefore, we confirm that Workspace Studio is capable and committed partner and we confidently recommend them as a reliable partner for specific and integrated solutions and services for office interiors.

Regards,  
Paloma Team.

A handwritten signature in black ink, appearing to read "C. Pop".
