LETTER OF RECOMMENDATION

To Whom It May Concern :

In 2019 Qualitest Romania contracted Workspace Studio to help us desing, authorize, build and furnish our new office in 4b Gara Herastrau, districrt 2, Bucharest.

The entire project required fast and good decision making during the design and implementation phases, and we are glad we had Workspace Studio on our side as their experience and professionalism helped us keep the project according the schedule.

The initial project was updated during the authorization phase and Workspaces` team should a lot of flexibility and ingenuity in updating the design and implementation of the project in accordance with the Romanian laws and always keeping in check with the time table.

If you are in need of on integrated solution that requires desing & build we highly recommend Workspace Studio.

Ionut Turcu the project architect was deeply involved in the project, always available to answer our questions and was always happy to provide any advise going forward.

Alex Vestler

VP, Business Management & Operations
