To Whom It May Concern:

On behalf of UiPath, I am writing this reference letter to thank Workspace Studio S.R.L. for their professional performance during our past and ongoing partnership.

We have chosen Workspace Studio for the acquisition of over 600 Herman Miller operational chairs worldwide and also for the supply of custom made and standard furniture on our Bucharest offices.

Workspace Studio successfully delivered customized modular rooms, futuristic and fluid shape designed elements, custom-made furniture made of solid wood and metal, acoustical cladding for the conference room as well as all the standard furniture for the office, meeting, and conference area, reception, informal and cafeteria area on our Ground Floor office located in B Landmark Building.

We are expressing appreciation for the professionalism of the Workspace Studio team, especially of Mrs. Andreea Vieru who has proven to be hardworking and dedicated. Workspace Studio assured the completion of the delivery taking into consideration our high corporate requirements towards ergonomics, comfort and security.

Workspace Studio has proven to be a professional, experienced and reliable partner and we would definitely recommend them to any future fit-out project.
