To whom it may concern

On behalf of AdsWizz, I am writing this reference letter to thank Workspace Studio S.R.L. for their professional performance during our past and ongoing partnership.

As the Global HR Manager of AdsWizz, I have closely and successfully worked over the last couple of years with the Workspace Studio S.R.L. team for two company office relocation projects. The last one, relocation to the SkyTower building, was unfortunate given that we had to find a proper office space for our company needs and to be able to refurbish and relocate in only 2 months – practically, we had to refurbish and get the office furniture delivered from one day during the other.

Although back then the timeline sounded impossible, given delivery times for fit-outs and furniture delivery, it became reality with the help of a dedicated team of experts from Workspace Studio S.R.L., but especially due to Mrs. Andreea Vieru's involvement, which took from the fly the responsibility for our project and made it reality. Mrs. Andreea Vieru proved to be a very passionate and dedicated consultant, which came across with an enthusiastic approach to the challenges we were facing.

We have chosen Workspace Studio for the fit out works in 35<sup>th</sup> floor and the entire supply of standard and custom made furnishing, signage and acoustic elements for both 35<sup>th</sup> and 20<sup>th</sup> floor on our Bucharest office in Skytower. Operational, meeting, kitchen, informal, relaxation and reception areas, for all these, Workspace Studio assured the completion of the delivery taking into consideration our high corporate requirements towards ergonomics, aesthetics comfort and security.

Mrs. Vieru was really supportive and eager to help beyond limits, and very positive and solutions oriented, although our project didn't seem very easy to manage considering the tight deadlines. What I have most appreciated in Mrs. Vieru is that she is so very customer-oriented consultant, striving always to come up with the best proposals in order to support customer's needs. She is very tenacious and she's never giving up until the business is done and the client has found what it was looking for.

Mrs. Vieru's contribution was instrumental in successfully completing the office relocation within the scheduled timeline – she supported and advised AdsWizz throughout all process from visiting the space till creating the concept, proposing best fit-out solutions and negotiating the best offer for office furniture in order to accommodate our budgets, eager to come up with emergency solution in case we were needing.

Workspace Studio S.R.L. has proven to be a professional, experienced and reliable partner and we would definitely recommend them to any future fit-out project. We also recommend Mrs. Andreea Vieru as the best office fit-out project director one could ever meet – her relaxed and casual style, at the same time very professional and efficient, made our collaboration so successful.

Should you have any further questions, please do not hesitate to contact me.

Cu stimă / Best regards
