

## LETTER OF RECOMMENDATION

To Whom It May Concern:

This is to confirm that we have employed Workspace Studio to execute the fit out works for the complete refurbishment of two of our office spaces.

In spite of the very tight deadline and budgetary restrictions, they were always ahead of the schedule and within the budget.

Throughout the project we were impressed by the planning skills, quality of the works, and attention to details, commitment and responsiveness to our needs.

Workspace's team we worked with is experienced and we appreciate their ability to build trustworthy and reliable relationship with us by delivering an outstanding service.

I can confirm I have been impressed by Workspace' response and professionalism in delivering their services and would be happy to work with them again.

Sincerely,

**SERBAN JUVERDEANU**
