LETTER OF RECOMMENDATION

To Whom It May Concern

This letter is to confirm the successful collaboration between Premium Lubricants S.A. and Workspace Studio S.R.L. since we decided to move to our new premises in Floreasca Business Park.

During our partnership, we had the chance to work with real professionals who showed a fresh and open approach on the business, as well as a customer-oriented attitude. Workspace Studio provided us with high-quality services and works, making sure that all the details of our project are handled on time and according to our expectations and our business needs.

The end-result is a professional and inspiring office space reflecting our corporate identity and aspirations, while the high quality products as Herman Miller chairs have a great impact on our working environment.

The added value that Workspace Studio brought to our project was their appropriate and complex know-how together with the fast, innovative and dedicated approach of their team.

Based on our experience with Workspace Studio, we confidently recommend them as highly reliable business partner for integrated solutions and services in office interiors and relocation of offices.

Valentin Ionescu
