LETTER OF RECOMMENDATION

To Whom It May Concern

This letter is to confirm the successful partnership we started with and Workspace Studio S.R.L. in 2014 when we decided to move to our new premises in Maria Rosetti Tower; this relationship continued in 2015 with our further office space extension inside the same building.

During our collaboration, we were impressed with Workspace Studio's knowledge and expertise, from which we benefitted greatly. Their professional approach of the project provided us with high-quality services and works, making sure that all the details of our project are handled on time and according to our expectations and our business needs.

We particularly appreciated the close attention to all significant details of Workspace Studio team, who was very dedicated in meeting our expectations and providing timely solutions by selecting the right products – in respect with the architectural design concept provided by our architects.

The end-result is an efficient, professional and inspiring working environment reflecting our core values.

We greatly appreciate Workspace Studio for their efforts and confidently recommend them as highly reliable business partner for integrated solutions and services in office interiors.
